COMMISSIONERS' REPORT

In accordance with the Public Statutes of the State of New Hampshire the Commissioners of Carroll County submit their annual report together with the report of the Superintendent of the County Farm and of the various other County Officers.

The present Carroll County picture, as seen by the Commissioners, a majority of whom have been on the Board for a long term of years, is the brightest that they have ever seen it.

There is very little Direct Relief, only eight regular food orders being issued at the present time, and all of those to aged or infirm people. Of the \$15,000.00 appropriated in the 1943 budget for Direct Relief, and Soldier's Aid, less than half of that amount was spent during the year, and a large proportion of that went for Medical or Hospital aid, two cases alone costing more than \$1,000.00.

The appropriations for Old Age Assistance and Aid to Dependent Children were ample, and after paying all bills, recommended by the State Department of Public Welfare there was a balance of approximately \$1,500.00 at the close of the year. There are 33 County Old Age cases at the present time, and 35 children are being boarded. Most of these youngsters are unfortunate because of broken homes.

No up-keep work was attempted at the Court House the past year, because of labor shortage. Usually some painting is done annually during the quiet season, and it is hoped to continue this plan in 44.

Superior Court expenses were well under Budget appropriations, and this was gratifying. County Commissioners have absolutely nothing to say about

the spending of this money, but if it is over expended, the budget naturally may not hold out, and this reflects on the Commissioners.

The general report for the County Home is good. Supt. Severance lived within his budget, even tho most costs were above the estimates. Help was hard to get, and salaries had to be increased, but despite all difficulties, things went well at the Farm. Crops were at their best, and a huge amount of produce was put away for winter. The two quick-freeze units were crammed full of such things as strawberries, green peas and beans, corn on the cob etc. No major projects were undertaken, other than the erection of a hog house. This is an addition to the old one, and is a modern affair with 8 cement pens, and a heating arrangement. Better than a thousand dollars worth of swine were sold last year, and this helped to make a total Farm revenue of \$7,300.00, the largest in years.

One worry of all concerned at the Home, is the persistent continuation of Bangs Disease among the cattle. Last year the dairy side of the barn was thoroughly rebuilt, and every precaution taken to stamp out the trouble, but several cows have been condemned recently, and even tho the County does not lose any money, the situation is most discouraging. State Veterinarian Smith has personally examined the set-up, and a rigid program of testing every two weeks is being carried out. All calves are being vaccinated.

Mention should be made of the passing of Hon. William J. Britton, who has served Carroll County in many capacities. Judge Britton was County Solicitor at the time of his death, and was a familiar figure about the Court House. He is greatly missed by all connected with County affairs.

In conclusion, the Commissioners wish to state

again, the fact that very few citizens of Carroll County ever visit the County Home. This is a sad situation, and one that should not exist. Mr. and Mrs. Severance are very hospitable officials, and are always glad to welcome visitors, and show them about the place. Should YOU not be interested enough to visit YOUR institution?

During the past year the County Extension Agents have carried on their regular Extension work and have worked in close cooperation with the other Federal Agencies such as Agricultural Adjustment Agency, Food Distribution Administration, Office of Defense Transportation, Office of Price Administration, Regional Agricultural Credit Corporation, Commodity Credit Corporation, and Selective Service Administration. In many cases these agencies have hired men to carry on this work and have called upon the Extension Service for recommendations and assistance.

The farmers of the county have also called on the Extension Service to help them obtain the needed materials, supplies and permits which are controlled by the agencies mentioned above.

Since July, 1943 the Extension Service has employed a full-time Emergency Farm Labor man. The funds to maintain this new agent have been supplied entirely by the United States Department of Agriculture.

REPORT OF COUNTY PHYSICIAN

During the past year forty-three patients were treated at the County hospital.

Most of the patients were suffering from chronic, debilitating diseases peculiar to people of advanced age.

There were no births at the hospital during the year. There were nine deaths, mostly the result of prolonged illness of many years duration.

The service at the hospital has been good, despite the fact that the labor situation is very difficult and replacement of personnel is a most serious matter.

Under the supervision of Mr. and Mrs. Severance, the problems of personnel and food have been handled very satisfactorily.

Respectfully submitted,

• FRANCIS J. C. DUBE, M. D.
